DDFENGGUANG Function V26.22

System type	System sub-type	Model	Function menu	Password required	Password readable	Password digits
with intelligence	Type 1(old style)	370	1、Key matching 2、Electronic steering assisted learning 3、Match IMMO/PEPS 4、Matching engine ECM 4.1、Delphi engine 4.2、UMC engine	no	no	
		580	5、Complete system matching 5.1、Delphi engine 5.2、Equipped with electric engine 6、Matching engine ECU 6.1、Match Delphi ECU 6.2、Matching the ECU			
	Type 2 (new)	370	1、Number of keys read	no	no	
		580	2、Matching key			
		IX5	3、Match BCM			
		IX7	4、Tire pressure sensor learning			
		S560				
		500	1、Number of keys read 2、Matching key	no	no	
without intelligence		370	1、Key matching 2、Key removal 3、Remote control matching	no	no	
		580	4、Number of keys read 5、Jicheng body matching (without keyless start function)			
		IX5	6、Reset (Jicheng) 7、DIAS body matching (without keyless start function)			
		S560	8、Delphi Engine System 9、DIAS Engine System			
		500	1、Key matching 2、Key removal 3、Remote control matching 4、Number of keys read 4.1、Integrated anti-theft system 4.2、UMC anti-theft system	no	no	
Body control system(Intelligence and non-intelligence included)		580HEV	1、One-click after-sales matching 1.1、Mechanical key 1.2、smart key	no	no	
		580PHEV	2、Key matching 2.1、Mechanical key 2.2、smart key			
		580PRO	3、Detecting key status 4、Clear key 5、Matched tire pressure sensor			
		Ruichi E3	6、Number of read keys 7、ESCL programming
